Readers of *Financing the Future* will discover:

- Key features of a successful long-term financial plan
- Phases pivotal to plan implementation
- How to involve elected officials, staff, and citizens to create a plan that gets results that are valuable to their community.

“Finally...a model long-term financial plan! The City of San Clemente developed a long-term financial plan fifteen years ago, and the process would have been much easier if this text had been available then. This is an excellent resource and highly recommended reading for all local governments.”

PALL GUDGEIRSSON
Assistant City Manager and City Treasurer,
City of San Clemente, California

“This highly practical book champions a strategic approach to enhancing the financial viability of local governments. With the GFOA's *Financing the Future* as the guide, long-term financial planning should be achievable by all organizations who are dedicated to sustainable success.”

TERRY MCCALL
CFO, City of Gresham, Oregon, and 2006-2007 Vice-Chair,
GFOA Committee on Governmental Budgeting and Fiscal Policy

“The GFOA's new work makes a powerful case for long-term financial planning. All elected officials should strongly consider developing a long-term financial plan for their community in order to improve financial sustainability.”

DONALD J. BORUT
Executive Director, National League of Cities
